Push wastepaper bin 40L stainless steel brushed

Ref. GW06 06 04 01

DESCRIPTION

Push wastepaper bin 40L stainless steel brushed - Ref.GW06 06 04 01

40 litres push pressure lid wastepaper bin.
The product consists of a main body and a cover.
The main body is manufactured with AISI 430 stainless steel sheet.
The cylindrical body incorporates a plastic rubber on
the bottom to avoid scratches and noise when it is moved. The cover, manufactured with AISI 410 steel, includes in its front part a lid with a hinge which is push activated. The edges are bended to provide a higher security during the use and to avoid injuries.
The bin has a brushed finish that ensures adequate resistance to corrosion.
The total dimensions of the product are 770x350 ¯ mm.
