Support grab bar with soap dish chromed brass

Ref. GW05 23 06 02

DESCRIPTION

Support grab bar with soap dish chromed brass - Ref.GW05 23 06 02

Support grab bar with soap dish.
The product consists of a grab bar and a soap dish.
The angular grab bar consists of a brass support tube with a 25-mm diameter and 1-mm thickness.
The edges are rounded at 90¼ and it is also rounded in its centre point at 135¼.
The support elements are made in brass with a 45-mm diameter and a 3-mm thickness.
The wall plate covering the support element, which is fastened to the fixing support, is made in brass casting with a 50-mm diameter and a 2-mm thickness.
The abovementioned supports has 2 holes that are used to fix the set to the wall.
The soap dish, made with 3-mm brass rods, is attached to the grab bar by applying pressure on two of the four holes made in it.
The mounted set has a chrome finish plated with 10 _m nickel + 0.15-0.3 _m chromium that provides it an appropriate resistance against corrosion.
The product is anchored to a brick wall by means of 4 nylon wall plugs and 4 screws.
The overall dimensions of the product are 195 x 400 x 125 mm
3- year warranty.
