Phenolic folding seat with leg support brushed

Ref. GW11 24 11 00

DESCRIPTION

Phenolic folding seat with leg support brushed - Ref.GW11 24 11 00

The folding shower seat with leg is manufactured in an AISI 304 stainless steel structure attached to a one-piece phenol formaldehyde resin seat. Its structure manufactured in AISI 304 stainless steel, 32 mm
diameter, 1.5 mm thickness, is fixed to two wall supports manufactured in AISI 304 stainless steel, 3mm thickness.
The structure turns 90¼ to the wall supports in order to be able to leave the seat in upright position.
The seating surface screwed to the structure is made of high resistance phenol formaldehyde resin.
The assembled unit has a satin finish and its materials assure a correct maintenance and cleaning. The
shower seat is fixed to the wall with 8 screws 8 x70mm and 8 nylon wall plugs 10x50 mm to support static loads of 227 Kg (500 lb).
The total measures of the product are 455 x 450 x 480 mm
