

Be-line® matte white angled grab bar 135i, 400 x 400mm

Ref. 511982W

Matte white powder-coated aluminium, 3 fixing points

DESCRIPTION

Be-line® matte white angled grab bar 135i, 400 x 400mm - Ref.511982W

Be-line® angled grab bar 135i, 35mm, for people with reduced mobility. For use as a handrail (horizontal part) or as a grab rail (135i part), for WCs, showers or baths.

Use as a universal grab bar for either left or right side.

Aluminium tube thickness 3mm. Solid aluminium fixing points.

Rounded profile 35mm with ergonomic flat front face that prevents rotation for an optimal grip.

Matte white powder-coated aluminium; provides a good visual contrast with dark walls.

Uniform surface for easy maintenance and hygiene.

38mm gap between the bar and the wall: minimal space prevents the forearm passing between the bar and the wall, reducing the risk of fracture in case of loss of balance.

3 fixing points prevent the hand from getting trapped and simplify installation.

Concealed fixings.

Supplied with stainless steel screws 8 x 70mm for concrete walls.

Dimensions: 400 x 400mm.

Tested to over 200kg. Maximum recommended user weight: 135kg.

10-year warranty. CE marked.

ADVANTAGES

Innovative design suitable for all users

Comfort: ergonomic anti-rotation surface

Tested to over 200kg

38mm gap between bar and wall: space saving
