Baby change station stainless steel surface mounted

Ref. GW07 03 04 02

DESCRIPTION

Baby change station stainless steel surface mounted - Ref.GW07 03

04 02

Polyethylene interior with brushed stainless steel exterior horizontal baby changing station with adjustable safety belt.
AISI 304 stainless steel plate exterior incorporates a surface box and a folding cover.
The exterior of the unit has a polished finish that gives adequate resistance against the use.
The interior part consists of a wall mount and a foldable baby changing station.
The one-piece wall mount made of thermoplastic polyethylene includes on the bottom a hinge-like structure that is joined to the foldable baby changing station.
The changing station is entirely made of thermoplastic polyethylene and it includes a locking mechanism on one of its sides.
The adjustable safety belt is made of high-resistant nylon and it has an easy-to-use adjustable lock.
The assembled set has a white textured finish that provides it an appropriate resistance to wear.
The product is anchored to a brick wall by means of the wall mount, which is fastened using 4 wall plugs and 4 screws.
The overall dimensions of the product are 551x956x436 mm and its net weight is 14.5 kg.

ADVANTAGES

- Bin with ashtray
- Heavy duty
- Gradual breaking system.
- Can be stowed against the wall: space saving
- Liquid or foam soap
- Liquid or foam soap or hydroalcoholic gel
- Double Sanitation
