Wastepaper bin 100L aluminium brushed

Ref. GW06 17 02 01

DESCRIPTION

Wastepaper bin 100L aluminium brushed - **Ref.GW06 17 02 01**

130L wastepaper bin manufactured in aluminum.
The product consists of a main body, head and interior liner.
The main body totally manufactured in aluminium with anti-fingerprint coating has a circular form
with no hinges. Inside the main body an interior liner can be found manufactured in black high resistance polypropylene.
The head is also manufacured in aluminium and has the same anti-fingerprint coating than
the main body.
When placed, it totally covers the interior liner and fits perfectly with the main body.
In its upper part it has a big hole where the waste is thrown inside.
The head and interior liner are easily
removable to allow the bin emptying and cleaning.
The bin has a total measures of 830 mm height and 508 mm de diameter.

ADVANTAGES

- 306 stainless steel: reduces bacterial development
- Easy to clean: solid seat
- Maximum safety: tested to over 250kg
