

Hair dryer "BALI" 1200W

Ref. GW02 01 01 00

DESCRIPTION

Hair dryer "BALI" 1200W - Ref.GW02 01 01 00

Bali hot air hair dryer with wall mount.

Both the mount and the hair dryer are made in white ABS plastic.

The mount is fixed to the wall with two screws, for which two holes need to be drilled in the wall using a 6 mm drill bit.

On the front of the hair dryer mount, there is a main switch with an indicator light.

On the back of the pistol_type handle, there is a switch with two positions: **MAX** maximum power and maximum flow, **MIN** minimum power and media flow.

To use the hair dryer continuously, the spring push button located on the front of the handle must be pressed and held down. This stops the hair dryer from being switched on accidentally.

It has a 10000 r.p.m. DC motor that delivers an airflow of 75 m³/h at a speed of 55 km/h. The heating element is 1160W @ 230V, with a heat limiter.

The total power rating is 1200W at 230V @ 50/60Hz.

The protection class against splashing is IPX1. Class II.

The total measurements of the hair dryer are 180x150x100 mm, and its total net weight is 0,65 kg

2- year warranty
