

Baby change station stainless steel surface mounted

Ref. GW07 03 04 02

DESCRIPTION

Baby change station stainless steel surface mounted - Ref.GW07 03

04 02

Polyethylene interior with brushed stainless steel exterior horizontal baby changing station with adjustable safety belt.

AISI 304 stainless steel plate exterior incorporates a surface box and a folding cover.

The exterior of the unit has a polished finish that gives adequate resistance against the use.

The interior part consists of a wall mount and a foldable baby changing station.

The one-piece wall mount made of thermoplastic polyethylene includes on the bottom a hinge-like structure that is joined to the foldable baby changing station.

The changing station is entirely made of thermoplastic polyethylene and it includes a locking mechanism on one of its sides.

The adjustable safety belt is made of high-resistant nylon and it has an easy-to-use adjustable lock.

The assembled set has a white textured finish that provides it an appropriate resistance to wear.

The product is anchored to a brick wall by means of the wall mount, which is fastened using 4 wall plugs and 4 screws.

The overall dimensions of the product are 551x956x436 mm and its net weight is 14.5 kg.

ADVANTAGES

Bin with ashtray

Heavy duty

Gradual breaking system.

Can be stowed against the wall: space saving

Liquid or foam soap

Liquid or foam soap or hydroalcoholic gel

Double Sanitation
